#### Household Income

# **Economic Impact of Tourism in Sussex County**

- Generates \$2.7 billion in visitor spending.
- Tourism supports 23,550 jobs in the county.
- Brings new money into the community.
- For every \$1 spent directly by a visitor, another \$1.20 is generated in indirect sales to the local economy.
- Helps diversify and stabilize the local economy.
- Attracts additional businesses to our area ("It Starts With a Visit").
- Contributes to the state and local tax base and saves each Delaware household approximately \$1,608 in taxes annually.
- It would take only 160 more visitors to support a new Delaware job.
- Every 776 visitors pay for a Delaware public school student for the year.
